New Zealand HOAX Evidence Just Keeps Piling UP! NZ "Arresting" People with Video of Shooting! Why?

Cuz its FAKE!! Can't have Evidence of Fake Shooting Lying Around for people to Examine and Analyze!

JIM STONE: The fact that NZ has Identified SAVERS of VIDEO of the CHRISTCHURCH LIVE STREAM and ARRESTED them w/o BAIL means they have SOMETHING TO HIDE

Jim Stone, Freelance Journalist <http://82.221.129.208/.wo9.html>

New Zealand has identified people who saved the Christchurch shooting live stream and is going around arresting them now. Those arrested are detained WITHOUT BAIL.

QUESTION: Why be so obsessed about this? Why? I'd like them to answer WHY THEY ARE SO WORKED UP ABOUT PEOPLE HAVING COPIES OF THIS that they are going around arresting people who have it? IS THERE A "FRAME 313" IN THAT VIDEO?

REPEAT: Why be obsessed about this video SO BADLY you need it cleaned up all tidy and proper so aggressively you're going to arrest anyone who has it and hold them without bail?

Obvious answer: FRAME 313. GET IT? It HAS TO reveal something, there's a glaring revelation in it somewhere, and someone wants it buried post haste so badly that if you can reveal something very uncomfortable for the power elite in this video and don't be obedient and destroy it, YOU ARE GONE.

BOTTOM LINE: Someone has something to hide, PERIOD.

SEE THIS.

Q confirmed NZ was a Deep State False Flag Attack, but it is also looking more and more like a HOAX too, which means no one really died, it was just crisis actors used. THAT is NZ authorities don't want ANY photos or videos circulated, because they don't want Truthers to Examine THE EVIDENCE of this FRAUD!

Q posted graphic showing that the NZ shooters gun had a 14 and fish like the Podesta pic we've seen so many times. Podesta was in NZ 5 days earlier (GreatAwakening) submitted 23 hours ago by srayzie to GreatAwakening (+135|-14)

NZ Police “Happened to Be in a Training Session” When Mosque Shooting Began

Watch while it lasts. Someone just posted the FORBIDDEN NZ Video. Its not bad, no blood (I mean red paint) anywhere, looks very fake. I understand there were 2 mosques hit, and they had different floor carpeting in each. You decide.
